

NASA SEWP VI

Solutions for Enterprise-Wide Procurement

Innovative Management and Technology Approaches, INC. (IMTAS) CONTRACT HOLDER

NASA SEWP VI ORDERING GUIDE

CODE Plus, Inc. | Category B and C - ITC/AV Mission-Based Services

SEWP VI OVERVIEW

NASA SEWP VI is a multiple-award Government-Wide Acquisition Contract (GWAC) that provides Federal agencies and other authorized Government customers access to Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services. SEWP is supported by the NASA SEWP Program Management Office (PMO), which facilitates acquisition processes, contract administration, customer support, and Government/industry interaction.

Innovative Management & Technology Approaches, INC. (IMTAS) is a SEWP VI Category B and C Contract Holder. Category B covers organization-wide IT service solutions, while Category C focuses on mission-based IT services.

SEWP procurement fee: 0.34%. The fee is included in quoted pricing and is not presented as a separate customer line item.

ABOUT IMTAS

Innovative Management & Technology Approaches, INC. (IMTAS) is a technology solutions provider delivering secure, compliant, and mission-focused services to Federal customers. Backed by a leadership team with extensive federal experience and deep technical expertise, IMTAS specializes in cloud modernization, cybersecurity, digital transformation, and innovative IT solutions that help government agencies solve complex challenges, improve operations, and achieve mission success.

WHAT'S IN SCOPE FOR Innovative Management & Technology Approaches, INC. (IMTAS) CATEGORY B and C

Category B provides federal agencies with customized enterprise-wide ITC/AV solutions that support multiple departments, locations, customers, or field offices. These solutions enhance agency infrastructure through managed and shared services, such as help desk systems, cybersecurity, application services, and other strategic IT support. Category B is intended for large-scale, agency-wide implementations rather than product-only requirements.

Category C provides Federal agencies with customized solutions at the mission/program level that improve and enhance ITC/AV infrastructure. The representative technical areas below are not intended to be all-inclusive; other services that meet the Category C definition of ITC/AV mission-level services may also be within scope.

CATEGORY B	CATEGORY C
1b: ENTERPRISE-WIDE NETWORK SERVICES	1c Innovation Services
2b: IT MANAGED SERVICES	2c Information & Data Analytics Services
3b: ENTERPRISE-WIDE INNOVATION SERVICES	3c Application Services / Software Development
4b: IT SERVICE MANAGEMENT	4c Cybersecurity Services
5b: ENTERPRISE SERVICE PROGRAM INTEGRATION	5c Cloud Services
6b: ENTERPRISE-WIDE INFORMATION AND DATA ANALYTICS SERVICES (IDAS)	6c Digital Multimedia & Technical communications
7b: ENTERPRISE-WIDE APPLICATION SERVICES/SOFTWARE DEVELOPMENT	7c IT O&M / Help Desk / Call Center
8b: ENTERPRISE-WIDE CYBERSECURITY SERVICES	8c Network Services
9b: ENTERPRISE-WIDE CLOUD SERVICES	9c Database Services
10b: ENTERPRISE-WIDE DIGITAL MULTIMEDIA AND TECHNICAL COMMUNICATIONS SERVICES	9c Database Services
11b: PROGRAM MANAGEMENT/ANCILLARY SERVICES AND SUPPLIES	11c Program Management / Ancillary Services &

ORDERING PROCESS

Each Agency defines its internal process and forms for Purchase Requests (PRs) and orders issued against a SEWP contract. A typical process is for the end user to define the requirement and generate a PR. The PR, with required funding

information, is routed to the Agency procurement office, which issues the order using a valid Federal Agency order form and order number.

The NASA SEWP Program Management Office does not issue Agency orders. The issuing Agency procurement office sends the order through the SEWP process; the SEWP PMO reviews, processes, tracks, and forwards accepted orders to the Contract Holder. Agency Contracting Officers are responsible for complying with Agency-specific policies applicable to use of GWACs and other contract vehicles.

Order modifications must also route through the NASA SEWP Program Management Office.

Define Requirement	Prepare PR / Funding	Agency Issues Order	SEWP PMO Reviews	IMTAS Performs

FAIR OPPORTUNITY

SEWP VI is a multiple-award GWAC. Contractors are provided fair opportunity at the individual order level as appropriate under FAR 16.505(b), including use of the SEWP RFQ tools. The issuing procurement office maintains the documentation supporting order selection. When responding to NASA SEWP RFIs, RFQs, or Market Research Requests, Innovative Management & Technology Approaches, INC. follows the SEWP VI contract terms and the Contract Holder User Manual (CHUM).

The complete A.1.13 Fair Opportunity and Requests for Quotes clause is posted with IMTAS SEWP VI information on the IMTAS public website and is incorporated into the SEWP VI contract terms.

INSTALLATION, WARRANTY, TECHNICAL SUPPORT AND POST-DELIVERY SUPPORT

Installation, implementation, warranty, maintenance, software support, technical support, and other post-delivery requirements are addressed at the individual order level based on the products and services included in the order. IMTAS coordinates order-level implementation and support, including applicable manufacturer, publisher, or service provider warranty, maintenance, software support, and technical support requirements identified in the quotation and resulting order.

For installation, warranty, technical support, software support, maintenance, or other post-delivery matters, contact the Innovative Management & Technology Approaches, INC. (IMTAS) SEWP VI Program Manager or Deputy Program Manager listed above.

PROBLEMATIC ORDER / ISSUE RESOLUTION

Customers experiencing an issue with a Innovative Management & Technology Approaches, INC. (IMTAS) SEWP VI order should contact the IMTAS SEWP VI Program Manager or Deputy Program Manager and provide, when available:

- Agency and customer point-of-contact information
- Order or task order number
- Description of the affected product, service, or deliverable
- Description of the issue
- Requested or desired resolution

Innovative Management & Technology Approaches, INC. (IMTAS) coordinates resolution with the customer, applicable product or service providers, and the NASA SEWP Program Management Office when appropriate.
